Pinkalicious learns from her classmate that when colors are mixed together they can create even more "licious" colors. Using crayon, colored pencils or paint, mix the colors listed below and see what happens!

$\text{RED} + \text{BLUE} = \text{BLUE} + \text{YELLOW} = \text{YELLOW} + \text{RED} = \text{YEL} + \text{LOW} + \text{RED} = \text{Pinkalicious}$

Pinkalicious LOVES the color pink and eating pink cupcakes. What’s your favorite color?

Think Pink!

Pinkalicious and Peter turned pink because they ate too many pink food items. Make a list of what you ate for lunch today. What color would you turn based on what you ate?

Healthy Habits

It’s fun to think about only eating sweets, but our bodies require more nutrients than you can get from just eating desserts. In Pinkalicious, to cure pinkititis the doctor prescribes a diet of healthy, green foods.

WELCOME TO THE
PARAMOUNT THEATRE

The Paramount Theatre was built 102 years ago in 1915. Very few places in Austin can make this claim! Austin is growing, but back then, Congress Avenue was a dirt road and the automobile was a new invention. As one of the first examples of early theatre architecture, the Paramount is an important venue that helps make Austin very special. When you visit the theatre, you enter a place that feels exciting and welcoming. From your seat, you can almost reach out and touch the performers on stage! Many famous people have performed at the Paramount. From magician Harry Houdini to the premier of the original Batman movie, the Paramount and its audiences have seen it all over the past 100 years...here’s to the next century!
